

SYGNETICS
Success Through Synergy

Quality Policy

Sygnetics will maintain a company-wide Quality Management System (QMS) designed to ensure that our products and services meet or exceed client requirements. We will comply with requirements of the standard and plan for continuous improvement of the QMS while consistently striving to simplify our processes to prevent unnecessary work or waste. Sygnetics' overall goal is to provide quality products and services, exceeding client requirements, while growing profitably.

Mission Statement

Provide our clients with complete solutions for, program, technological, and contract specific personnel requirements. We ensure clients achieve a significant return on investment while maintaining overall customer satisfaction at competitive rates. This is achieved through best practices and partnering to create "Success through Synergy".

This quality policy and mission statement are approved by the undersigned and are supported by all levels of management within the company.
